

Chapter 68 Members and Friends,

Our next SBE lunch meeting will be next Wednesday, October 7 at the usual place; Emperor's House II, 7740 Crestwood Blvd, 205-956-8287.

Our speaker this month is Jerry Ehlers from Dialight. Jerry is regional manager for Aviation Obstruction Lighting for North and Central America. The presentation is titled: LED Lighting for the Future. This discusses various light sources and how long they last, and compares various sources. This is a discussion on thermal management and the eye acuity to LED light and the human eye two receptors (Photopic and Scotopic).

The presentation was written by John Peck, PhD, Dialight, Director of Engineering. The presenter is Jerry Ehlers BSEE, Dialight. Also attending is Peter Hagan, BSME, Dialight, Product Manager, Aviation Obstruction Lighting.

Jerry has offered to provide lunch for the group, so come on out for a great meeting and a free lunch!

See you next Wednesday-
